**TO SUBSCRIBERS**  
Parties who do not receive their papers, or who have any cause of complaint, will oblige by notifying this office.

Entered at the Postoffice in Tonopah at second class matter.

## EDITORIAL COMMENT.

### UNWORTHY IMMIGRANTS.

The opening of the wheat lands in the northwest territory and the starting of another Canadian trans-continental railroad last year drew an unusual number of emigrants from the old world to Canada, and now, according to Collier's Weekly, it is said that the percentage of the depraved and insane in Canada has increased just in proportion to that emigration. To which the Salt Lake Telegram adds: It is not strange. For eighty years the United States has been more or less the receptacle of the vicious, the insane and the ne'er-do-wells of the old world. Thousands and tens of thousands of this class have come. This country has had to assimilate them, arrest and punish them, or give them asylum. They have cost this country millions of dollars, which ought to be a just claim against Europe, so that Canada need not for a moment suppose what she is being treated any worse than the United States has been for quite four score years.

We once saw in a bitter partisan newspaper how much crime had decreased in London during the previous ten years, crime and poverty, and how they both had increased in New York City, and the learned editor ascribed the fact to the free trade of England and the tariff of the United States, when the truth was London had unloaded her lunatics and thieves upon us, and we were carrying a double burden of this class.

Our country is trying to make more exacting the naturalization laws every year, and we hope that by and by it will be impossible for a vagrant or lunatic or constitutional pauper or anarchist to find his way to this country. We have paid penalty enough. Our doors, of course, should always be open to the poor and industrious of the old world, but we surely are under no obligations to support and defend the wretches of the old world who seek to transfer their efforts to get a living without work, or to appropriate other people's goods, or to talk and act anarchism from their native countries to ours.

### THE BOVARD BOOSTER.

Volume I, No. 1 of the pioneer paper of the new camp of Bovard is at hand. The names at the head of the editorial column are: W. W. Booth, owner; W. S. Webster, managing editor; W. H. White, associate editor. The editorial offering at the head of the column, announces the new paper's purpose:

"With this issue the Bovard Booster takes up the interests of the citizens of a camp, the rapid growth of which has no parallel in the history of the mining world. Our aim is to disseminate the wonders of Bovard to the entire world, and copies of this, the first issue, will be sent to all the leading papers of the United States, and a copy sent to all the out of town subscribers of the Rawhide Rustler. At present the rush to Bovard has been composed entirely of Rawhidians, but when the outside world becomes cognizant of the wonders of Bovard, an era of prosperity will set in, similar to that which Rawhide is enjoying, as a camp with the wonderful showing that Bovard has, cannot 'hide its light under a bushel.'"

"We are confident we shall meet with the hearty support of all the citizens of Bovard in the enterprise we manifest in producing a newspaper in a camp scarcely ten days old."

## VALCALDA MAKES ITS BEST SHIPMENT

Probably the best shipment of bullion yet made by the Valcalda mine at Blair was that of a few days ago. The property is fast becoming a bonanza and a few weeks more will put it in the clear, when a considerable portion of the output can be put down on the profit side of the account. It is the intention of the management, however, to expend a large part of the earnings in an effort to develop new ore bodies, and there are already a number of stopes accessible and presenting faces of ore whose values run from \$15 per ton upward to figures that are fancy. A careful estimate of the ore in sight by the representative of Newhous, placed the amount at 80,000 tons, and this has been materially increased in the past two weeks. The new

Kelly filter will be in position in 60 days, when the net results of the mill will be materially increased.—Goldfield Tribune.

### NOTICE.

Tonopah Lodge No. 28, F. and A. M., will hold a called communication this evening at 7:30 o'clock in Butler hall. Work in first degree. All visiting brothers cordially invited to attend. By order

P. E. KEELER, W. M.,  
P. S. BOOTH, Secretary.

## SOUTHERN NEVADA MERCANTILE COMPANY

## REPORTED DEAD MAN COMES BACK

YREKA, Cal., May 1.—The estate of Henry Jones, "deceased," which has been in the Superior Court of Siskiyou county, and of which Supervisor Edward O'Connor was administrator and District Attorney Charles J. Luttrell the attorney, is out of the court. This morning Henry Jones appeared as a real ghost from the dead and was identified. His wife, Mrs. Ora Jones, had made an affidavit that her husband was killed for his money on May 15th, 1903. A. E. Reams, the district attorney of Josephine county, Ore., made an affidavit to the effect that Jones was murdered, that his body was cut to pieces and parts buried in the city limits of Grants Pass, Ore. District Attorney Reams says that Andrew Ingrams, charged with murder at Grants Pass, told him he knew the party who committed the murder, and under these affidavits the estate was administered on and a mortgage foreclosed and \$780 taken from a safe.

Mrs. Jones and her son, who was born three months after her husband disappeared, and who is nearly five years old, are living near Grants Pass. Jones says he has been in British Columbia and refused to talk on the subject.

## URGE ROOSEVELT TO ENTER RACE

WASHINGTON, May 1.—It is learned on good authority that between 300 and 400 letters are received daily at the White House urging President Roosevelt to run again. The letters come from all parts of the country and from Democrats as well as Republicans. All sorts of arguments are used by the writers to convince the President that he should permit the national convention to re-nominate him.

The burden of the letters is that President Roosevelt is in the thick of his campaign for the establishment of complete government control over interstate commerce and for other reforms; that it is impossible to transfer this work successfully to another, since the President's own personality is a powerful factor in achieving success; that the Republican party cannot afford to nominate any man who is not sure of election, and that the President is the only Republican who would be certain of election. So far as known there is no movement on foot to inspire the writing of these letters to the President.

Straw votes taken in different parts of the country show that a majority of Republicans and Democrats are in favor of nominating Roosevelt in spite of his announcement.

## FRENCH OBSERVE EIGHT-HOUR DAY

(By Associated Press.)  
PARIS, April 30.—Although the general federation of labor summoned socialist workmen and trades unionists of all classes to quit work tomorrow to participate in meetings and processions favoring an eight-hour day, troops will be stationed at the various rallying places of the workmen to prevent disorder.

## BONANZA BINDERY

## Round Mountain Antelope Leasing Co.

Owens the Bartlett-Travers Lease on the Famous Antelope Claim at Round Mountain. The Lease Has Two Years to Run

THIS IS A SECOND GOLDFIELD MOHAWK

Two Ledges Have Been Encountered on the Property and a Shaft is Down 65 Feet

We are offering 50,000 shares of the Treasury Stock of this company at 12½ cents per share to raise money with which to continue the development work.

The sensational strike made on the Paulsen-Blaisdell ground adjoins this lease. The strike was made **ONLY THIRTY FEET FROM OUR SIDE-LINE**, and according to surveys and the trend of the ledge **IT WILL TRAVERSE OUR GROUND FOR A DISTANCE OF 300 FEET**. This ledge, 2½ feet wide, is phenomenally rich and eight inches of it contains specimen or picture ore that will run into the thousands of dollars to the ton, the balance averaging about \$200 to the ton. There is a custom mill within a mile of the property that will treat our ore for \$8 per ton, thus insuring a big profit. The officers and directors of the company are men of the highest standing in Nevada. Henry J. Bartlett, owner of the Round Mountain Nugget and heavily interested in different Round Mountain properties; James W. Travers, a pioneer of the district and also heavily interested in many properties there, and Mr. Gibbons, a well-known Tonopah attorney, while Messrs. Hertel and Price are men prominent in the mining industry of the state.

50,000 SHARES OF TREASURY STOCK AT

**12½ Cents**

PER SHARE
